Why advertise with us?

1
The Malaysian Bar website is one of the most popular law websites in the region. We receive 25,000 to 30,000 hits daily, which means that our website is viewed that many times within a span of 24 hours. There have been occasions when we even chalked up more than 60,000 hits in just one single day!

2
Our visitors are not just lawyers, judicial and legal officers, law academics and law students. We also have members of the public, from around and outside of Malaysia, whose main interest is to locate and find a lawyer to represent them or to gather more information about the legal profession and the administration of justice in Malaysia.
