It enables Members and pupils to decide what, where, and when to learn about legal issues of their choice. This entails the use of informal spaces in which Members and pupils can explore, and engage in conversations, about the law. The in-house legal training roundtable also allows law firms to provide training to their personnel in accordance with the specific needs of law their firms.

Legal Craft allocates CPD points to Members and pupils whose articles have been published in publications approved by the Bar Council, subject to terms and conditions.

CPD INITIATIVES

CPD PRIME

CPD Prime aims to provide legal practitioners with legal training at a higher level, and is an extension of the CPD Camps. These forums require participants to have prior knowledge in specific areas of law, and trainers conduct the sessions using an interactive format.

CPD direct access

CPD Direct Access is a mentorship programme and a contemporary initiative to address the gap in knowledge-sharing. The scheme will foster active engagement between junior and senior Members, through platforms for interaction such as working groups, online discussions and forums, all aimed at building a collaborative, working relationship in legal practice.

CPD Live

CPD Live conveniently allows Members and pupils from all over the peninsula, and even our brothers and sisters at law in Sabah and Sarawak, to access these events and learn from the comfort of their own homes or offices.

We hope that every Member and pupil in chambers will be able to benefit from the **CPD Live** programmes, for the betterment of their continuing professional development.
